It is said that you are born to teach and I believe that is true for me. I Love it. I started teaching piano while in high school and continued through my college days. I studied both voice and piano at the U of M. While attending, I was chosen to be a member of the Jubileers, a vocal performing group. We

traveled within Montana and surrounding States representing the University. My husband and I moved to the State of WA where I was an active member of the National Music Teacher's Association. Five years later we moved to CA where I continued to teach both voice and piano as a CA State Music Teacher's Association accredited teacher. We moved home to Missoula twenty-one years ago where I opened my studio to both Voice and Piano students. I am active in the Missoula Music Teachers Association, where I served as a past president, and I also have held executive positions on the Montana State Music Teacher's Association board. I have taught all ages from 5 to 70. I especially enjoy teaching adults. I offer piano lessons : 30, 45, 60, minutes at a monthly rate, and voice lessons: 45, 60, minutes per lesson.
